

Create a Collage Treasure Chest for use throughout the year.

Because children's access to interesting materials may vary significantly, you might want to take some time, in advance, to pull together a Collage Treasure Chest children can share.

- Contemporary magazines, newspapers, comic book pages, catalog pages
- Found objects: food labels (from good and junk food), birthday cards, faux report cards, programs from concerts, theatre, political collateral, seed packets, cookbook pages, things from nature, fabric patches, packaging from toys, ribbons
- Stickers, labels, post-Its
